## DESIGN IN MOTION 2011

After the huge success of last year's inaugural event, Design in Motion returns for Sydney Design Week 2011. This year eskimo will host the night of graphic design film, titles and shorts on its Surry Hills rooftop, with co-curators zspace.

And this year we'll not only screen a selection of design-inspired shorts from around the world, but we're adding a competitive edge and asking you to send in your film for judging.

So, we're asking you to bask in the spectacular view of the city night lights for a playful selection of works around the theme of design on screen; catch up with like-minded, creative, souls over yummy food, great wine, and outdoor heaters; and potentially win an amazing prize. What more could you want?

To enter your film, simply forward a DVD of the work and ensure it meets the requirements below:

- The film must be either typographically-led or graphic-design focused.
- No more than 3 minutes long
- One entry per studio or individual
- Film titles, moving identities, music video or short films are eligible. They can be historical or modern, but more 'unseen' or unexpected footage will be favoured

*The deadline for entries is Monday 11 July 2011.*

The following material must be included with your entry:

A DVD copy (clearly labelled) of your work in high-res Quicktime format

A CD and printed copy containing:

- A high-resolution film still (tiff or jpeg), labelled
- Top line credits only
- Contact details
